Aug 29, 2011: I will also add that I cannot access the Inventor 2012 64bit CD because it asks for a keygen to activate the software. I have not been given any keygen. The reason I ask is that, as a matter of law, the Software should be activated with the full version of the software, so even after my license expires, I would still be able to use the software (at least for another 3 months I think). The copy we are using is the registered version. If I download the keygen, then I will not be able to use it in any way and the computer and software will be useless to me. This is an issue with the contract between ADE and the user. The user should get a free keygen after three months of use to allow future use. This should have been done in the Inventor 2012 version. Therefore, I would like to know how the user can access the Inventor 2012 64bit CD without a . This is a very serious problem since I paid for a product that I cannot use after my license expires. And nobody seems to be able to tell me if they will be able to repair the license or if I will have to purchase a new license. The company has no record of this issue and no one at ADE is able to answer my questions. Aug 31, 2011: I am attempting to clean out my computer and to free up some hard disk space. I need to delete the Autodesk Inventor 2012. I have the file (inventor2012.dat) on my desktop and would like to delete this file from the disk. I would like to keep my Inventor 2012.
